PROFILE SUMMARY

Experienced MERN Stack Developer | Full Stack Engineer

I Am passionate about crafting user-centric web applications with the MERN stack. Proficient in React , Node.js, and MongoDB, I thrive on solving complex problems and building scalable solutions. With a strong commitment to clean, efficient code and continuous learning, I'm eager to collaborate on cutting-edge web projects and make a meaningful impact in the digital world.

EDUCATION HISTORY

Post Graduation

Course	MBA/PGDM(Information Technology)
College	subharti

Graduation

Course	BCA(Computers)
College	Dr. C.V. Raman

WORK EXPERIENCE

Jan 2023 to Present

Jr. Software Engineer at Ascent Business Technologies

Developed and maintained web applications using the MERN stack following Agile methodologies.

Worked on two products :

- 1) Auto-BCM for SAMA (Saudi Arabian Monetary Authority) and SAR (Saudi Arabia Railways)
- 2) Auto-Escrow (RERA) for Emirates NBD Bank and Auto-Escrow (COMMERCIAL) for Kotak bank.

Responsibilities: -

- *Developed and maintained web applications using the MERN stack.

- * Designed and implemented RESTful APIs for client-server communication.

- * Worked closely with designers and product managers to implement user interfaces that meet design specifications and user expectations.

COURSES & CERTIFICATIONS

- Java Script The Advance Concepts :- Udemy
 - Node.js, Express, MongoDB & More: The Complete Bootcamp :- Udemy
 - The Ultimate React Course 2024: React, Redux & More :- Udemy
 - MEAN Stack :- Ducat Gurgaon
-

SOCIAL LINKS

- www.linkedin.com/in/ishan-lathwal-4115b574

*Implemented user authentication and authorization using JSON Web Tokens (JWT).

*Participated in Agile ceremonies such as daily stand-ups, sprint planning, sprint reviews, and retrospectives.

PROJECTS

Ecommerce website, 3 Weeks

I used MERN Stack, Redux, Rtk query, Stripe for fake Payment for this project.

This E-commerce website, provides a seamless shopping experience. Users can securely create accounts, browse products, add items to their cart, and checkout. Passwords are encrypted for security, and JWT tokens are used for authentication. The admin dashboard allows for easy management of products, orders, reviews, and users. With a responsive design and key features like authentication, authorization, and an admin dashboard, mywebsite offers a modern and efficient e-commerce solution.
